INFORMATION ON MATERIAL AND MAINTENANCE

All our table and desk tops are made of mdf or chipboard and fulfill European standard E1.

On both table and desk tops and storage units, FUMAC recommends the use of coasters and protective padding on surfaces where there is a risk of moisture penetration or a high friction or scratching (e.g. from ceramic cups, binders with metal corners etc).

The product guarantee on all surfaces is conditional on using only the cleaning agents prescribed below. If e.g. alcohol- or chlorine-containing products are used, the product guarantee will void.

Information on veneer:

We apply the following standard veneer to our products: Beech (EU), birch (EU) and oak (EU). Our suppliers select the veneer just as we carry out a further selection in our production when receiving the veneer in order to achieve the best possible match in our products. Door sets are cut out from the same piece of veneer (except from W160 storage units and doors for 3-bay-wide storage units) in order to achieve the best possible uniform product. Being a natural product there are, however, not two pieces of veneers that are identical.

Differences in shading, colour and structure may occur between two products making them individually unique. This is not considered to be a defect on the product. All parts for our storage have the same direction of veneer in order to get the best possible uniform product regardless of the time of purchase. The less uniform grained veneer is used inside cupboards and other less visible surfaces in order to minimize waste of this natural product. We only use veneer and wood from controlled forestry.

Use a dry microfibre cloth or a cloth tightly wrung out in lukewarm water for daily cleaning.

Our veneered table and desk tops and storage units and chamfered edgings are treated with a water-based environmentally friendly lacquer on the surface. If e.g. alcohol- or chlorine-containing products are used, the product guarantee will void.

Information on lacquer:

'Protect your lacquered furniture as if it was your car', i.e. treat your lacquered furniture with care. All lacquered FUMAC units have a protective decor laminate underneath the lacquered surface:

Light colours have a white background and dark colours have an anthracite background so that a nice, clear and uniform surface is achieved. At the same time, the visibility of any minor scratches is minimized. The colors white, anthracite and black are UV-lacquered and have a gloss level of approx. 25. Other NCS lacquer colors have a higher gloss level which will be visible if the furniture is placed against each other. Wipe lacquered surfaces with a clean, dry cloth or with a cloth dampened in clean water. Wipe immediately with a clean, dry cloth. Dirty surfaces are wiped with a cloth tightly wrung out in diluted soap or in water with a mild cleaning agent. Wipe immediately with a clean, dry cloth. Note that we only use environmentally friendly waterbased lacquer that are tested according to Möbelfakta. If e.g. alcohol- or chlorine-containing products are used, the product guarantee will void.

Information on linoleum:

Linoleum is a CO2 neutral natural product with a soft and comfortable surface that is antistatic and resistant to dust and dirt. The matt surface is warm and comfortable to touch and is also noise-reducing. The anti-bacterial linoleum surface is less susceptible to fingerprints and the colours do not fade over time. As linoleum is a 100% natural product, colour differences may occur. Rest assured – should you detect a yellowish film on the surface of the linoleum, this will disappear when exposed to natural light.

The desk and table tops must be treated with a cleaning agent especially made for cleaning linoleum (e.g. Monel) before use.

When maintained daily, tops can be cleaned and dried with warm water and a mild detergent. Clean very dirty linoleum surfaces with linoleum cleaner and linoleum maintenance treatment agents. Rinse with clean water. Use ready-to-use linoleum care like Monel. Do not use oils, lacquer or the like. Please be aware that alkali detergents, like soda, brown soap and ammonium chloride, can attack the linoleum surface, and must therefore not be used. After-treatment of linoleum can be done with a mild natural soap diluted with

water. This treatment leaves a thin surface film on the tops and make them dirt repellent. Use coasters in order to prevent stains. If stains do occur, it is important to remove them as soon as possible to prevent them from penetrating the material. If e.g. alcohol- or chlorine-containing products are used, the product guarantee will void.

Information on laminate:

Laminate is characterized by being durable, easy to clean and not least resistant to impact and discoloration. Daily cleaning is carried out by using a damp microfibre cloth and eventually a mild cleaning agent. Spot cleaning and occasional complete cleaning of your laminate surface can be done using a laminate cleaner and a special sponge. After cleaning, the surface must be washed thoroughly with clean water and polished with a dry, soft cloth. Avoid using sulfo in daily use as it leaves a film on the surface. Never use abrasive cleaners, steel wool or scouring powder. If e.g. alcohol- or chlorine-containing products are used, the product guarantee will void.

Window glass cleaners or a few drops of vinegar on a microfibre cloth are excellent for removing any grease stains but must be washed thoroughly with clean water immediately afterwards to avoid etching. Laminate is durable but not indestructible. Never use your laminate top as a cutting board. Scratches cannot be repaired.

Information on AFP laminate (Anti-Finger-Print):

AFP laminate is characterized by a closed, matt and soft surface where finger-prints and grease stains are less visible. AFP laminate is like laminate durable, easy to clean and not least resistant to impact and discoloration. Daily cleaning is carried out by using a damp microfibre cloth and eventually a mild cleaning agent. Spot cleaning and occasional complete cleaning of your AFP laminate surface can be done using a laminate cleaner and a special sponge. After cleaning, the surface must be washed thoroughly with clean water and polished with a dry, soft cloth. Avoid using sulfo in daily use as it leaves a film on the surface. Never use abrasive cleaners, steel wool or scouring powder. If e.g. alcohol- or chlorine-containing products are used, the product guarantee will void. Window glass cleaners or a few drops of vinegar on a microfibre cloth are excellent for removing any grease stains but must be washed thoroughly with clean water immediately afterwards to avoid etching. AFP laminate is durable but not indestructible. Never use your AFP laminate top as a cutting board. Scratches cannot be repaired.

Information on nanolaminate:

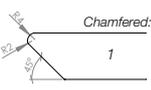

A nanolaminate surface is extremely matt and extra rub and microscratch resistant. The surface is very soft and it is hard to see fingerprints. Furthermore, the surface has a low light reflectivity and the decor layer has been nano-treated the whole way through. Daily cleaning is carried out by using a damp cloth and eventually a mild cleaning agent. Spot cleaning and occasional complete cleaning of your nanolaminate surface can be done using a laminate cleaner and a special sponge. After cleaning, the surface must be washed thoroughly with clean water and polished with a dry, soft cloth. Avoid using sulfo in daily use as it leaves a film on the surface. Never use abrasive cleaners, steel wool or scouring powder. If e.g. alcohol- or chlorine-containing products are used, the product guarantee will void. Window glass cleaners or a few drops of vinegar on a microfibre cloth are excellent for removing any grease stains but must be washed thoroughly with clean water immediately afterwards to avoid etching. Nanolaminate is durable but not indestructible. Never use your nanolaminate top as a cutting board. Microscratches can be 'healed'.

EU-Ecolabel InLINE sit/stand desks

Standard desk top edging:
Chamfered edging (1)

Lacquered edging: Clear lacquered edging
Thickness of desk top: 22 mm mdf

Colour/surface desk tops: See colours below

EU-Ecolabel Maxi Tower JIVE

FUMAC[®]
Design: Busk+Hertzog

Thickness: 19 mm panels
8 mm back panels
16 mm fronts
Depth: 80 cm
Width: 39,8 cm
Height: 115,3 cm (3-bay-high)

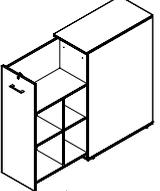

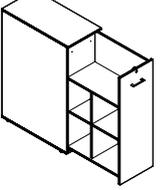

Surface: Decor laminate
Colours:
Cabinet: White
Front: White
Pull-out unit: White

Standard:
All JIVE Maxi Towers are delivered with

- lock*
- one JIVE handle no. 138 in alu
- an extra back panel behind the pull-out unit where cables can be hidden
- a pull-out unit with soft close

 We recommend protective shelf paddings.
 All Maxi Towers are assembled except handles that are to be mounted by yourself.

HEIGHT 115,3 CM (3-bay-high)		Decor laminate White	
<p>Maxi Tower (3-bay-high) incl. lock* and a standard JIVE handle no. 138 in alu</p> <p>H115,3 x W39,8 cm</p>

Desk tops

Standard desk top edging:

Chamfered edging (1)

Note! Decor laminate is always with a straight abs edging (3) incl. in price. Laminate on chipboard with straight abs edging (standard), plywood or wooden straight edging included in price (3).

Special desk top edging:

Surcharge for abs, plywood and wooding edgings (2+3): 101 Euro per desk top. See standard abs and wooding edgings on last page.

Note! Abs edging makes the desk tops extra strong against damages from e.g. chairs, armrests and belt buckles.

Standard lacquered edging:

Lacquered chamfered edging in the same colour as the desk top - veneered desk tops and laminate beech, birch and oak however with a clear lacquer on the edging. You can free of charge choose a black, white, light grey or anthracite edging lacquer independent of the colour of the desk top (however, not on veneered desk tops).

Edging with a special lacquer:

405 Euro surcharge per production independent of number of desk tops. Please specify RAL colour code.

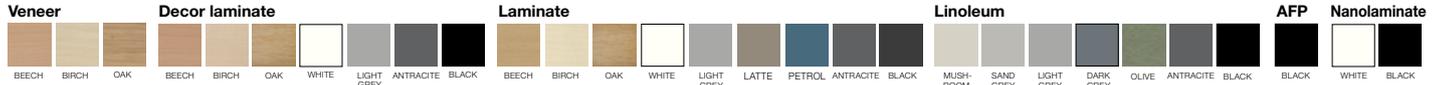

Thickness of top:

22 mm mdf
22 mm chipboard when decor laminate and laminate - always with a straight abs edging included in the price

Colour/surface of desk tops:

Veneer: Beech, Birch, Oak
Decor laminate: Beech, Birch, Oak, White, Light grey, Anthracite, Black
Laminate: Beech, Birch, Oak, White, Light grey, Latte, Petrol, Anthracite, Black
Linoleum: Mushroom, Sand grey, Light grey, Dark grey, Olive, Anthracite, Black
AFP laminate: Graphite grey, Black (AFP = Anti-Finger-Print)
Nanolaminate: White, Black

Remember to order a support rail no. 48-1450 (34 Euro) if the desk top is longer than 200 cm.

STORAGE

JIVE	Design: Busk+Hertzog
Thickness:	19 mm panels 8 mm back panels 16 mm fronts (doors/drawer fronts)
Depth:	35 or 42 cm
Width:	1-bay-wide (41 cm); 2-bay-wide (78 cm); 3-bay-wide (116 cm) and 4-bay-wide (160 cm)
Height:	Various heights
Cabinet:	Veneer: Beech, Birch Decor laminate: Oak, White, Light grey, Anthracite, Black
Fronts:	- storage in depth 42 is supplied with a retracted base (H2,2 cm - incl. levelling feet H3,4 cm) in anthracite decor laminate Veneer: Beech, Birch, Oak Decor laminate: Oak, White, Light grey, Anthracite, Black Lacquer: 11 standard lacquer. Surcharge for special colours: 354 Euro per colour.
Handles/Push lock:	Choose among various handles in various colours or push lock (no handles). <i>Note! Push lock is not possible on mobile drawer pedestals, Maxi Towers and sliding door cupboards, just as retrospectively mounting of push lock is not possible.</i>
Options:	Choose an integral plinth (for depth 35 cm); base (adjustable from the inside) (3,4 cm) or a separate plinth (adjustable from the inside) (H7 cm), castors (whereof 2 with brakes) (H7 cm), legs (H7 or H20 cm), wall mounted or as a top unit. Many colour combinations (see colour chart on the last page). Wide variety of accessories.
Mix:	The price category/column "Mix" includes storage where colours and/or finishes are not the same on the cabinet, shelves/middle dividers or fronts
Extension:	All drawers/combi drawers with full extension runners (except JIVE mobile drawer pedestals with 75% extension runners).
Soft close:	All drawers and doors with soft close (except mobile drawer pedestals and sliding door cupboards).
Drawers and mobile drawer pedestals:	All drawers are supplied with strong ball bearing extensions. Each drawer has a weight bearing capacity of 30 kg.
Wall-mounted bookcases:	Wall-mounted bookcases withstand a load of 10 kg per bay, provided the nature of the wall as well as fastening allows this. If the bookcase is further loaded when placing items on the top of the module, the weight of these items is deducted from the permitted weight calculated per bay.
Not-wall-mounted bookcases:	Max weight per shelf is 18 kg – evenly placed on the respective shelf (regardless of the depth and length of the shelf).
Max weight in general:	When adding drawers or other accessories to your storage units without middle dividers we strongly recommend also adding middle dividers in the bays below to avoid deflection. When buying a combi drawer (suspension file drawer/hanging file drawer) or filing frame, we recommend the purchase of a counterweight and that the drawers are placed at the bottom to avoid tilt risk. When placing elsewhere, it is important that the storage unit is secured against the wall.
Locks:	We use the same lock and key throughout the range (exception: lockers). Should you require differently coded locks, at no additional cost, please specify. Please note that you can order a unique code for all your private JIVE storage units, JIVE Maxi Towers and JIVE mobile drawer pedestals so that only one key is needed for all your storage. See schedule below regarding retrospectively ordering of locks etc.

Location of accessories

Use this template to specify the location of accessories in cabinets/cupboards.

PLEASE specify

- colour and finish of each item
- location of accessories in cabinets and cupboards
- right or left hung doors
- location of handles (in the top or bottom of the doors)

Example: One cabinet item no. xxx with one right hung door for 2 bay in B1+B2. Beech. Handles in the top. One left hung door in A1. Black. Handle in the top.

Locks, cylinders and keys for retrospectively mounting

Extra keys

If you need more keys for an existing lock - e.g. if you have lost your keys or more colleagues need access to the same storage unit

Set of keys for lock, standard code	NØGLE0001	12
Set of keys for lock, not standard code	NØGLE0002	12
Master Key 1, unlocks all locks coded 0001-0199	MASTERKEY-01	40
Master Key 2, unlocks all locks coded 0200-0599	MASTERKEY-02	40
Master Key 3, unlocks all locks coded 0600 -	MASTERKEY-03	40
Master Key 4 for codelock	MASTERKEY-04	40

Replacement cylinder

If you need to change the code of an existing lock - so that only selected people have access

Replacement cylinder for a lock, incl. set of keys, standard code	LAAS01	20
Replacement cylinder for a lock, incl. set of keys, not standard code	LAAS02	20
Replacement key, mandatory to be able to replace the cylinder	MASTERKEY-06	19

Complete lock

If you need to add a lock retrospectively in doors delivered without a lock

Complete lock for doors, incl. set of keys, standard code	LAAS07	35
Complete lock for doors, incl. set of keys, not standard code	LAAS08	35
Complete lock for sliding door cupboards, incl. set of keys, standard code	LAAS19	35
Complete lock for sliding door cupboards, incl. set of keys, not standard code	LAAS20	35
Complete lock for mobile drawer pedestals without central locking, incl. set of keys, standard code	LAAS03	35
Complete lock for mobile drawer pedestals without central locking, incl. set of keys, no standard code	LAAS04	35

Accessories for Caddy JIVE

Design your own favourite JIVE Caddy

with exactly the kind of JIVE accessories (drawers, combi drawers, doors or shelves) that fit your needs.

See the chapter with JIVE storage units with middle dividers - depth 42 cm.

Maxi Tower / Pull-Out Cabinet JIVE

Hide your belongings in a practical, space-saving and very elegant pull-out cabinet designed by the Danish architects Busk+Hertzog for FUMAC. Besides the storage options and the extra space right next to you where you need it the most, your JIVE Maxi Towers also works as a shield for the surroundings just as the surroundings are spared for your cables and cluster.

If you choose a high model with more space and more privacy, you furthermore get an informal place for effective stand-up meetings. Or why not share your Maxi Tower with your colleague with a Maxi Tower model that is accessible from both sides?

Choose models with or without shelves with integrated pen trays or models with accessories that fit exactly your needs.

Colour / surface of cabinet (unicoloured or mix):

STORAGE UNITS JIVE – DEPTH 35 CM

with and without middle dividers

We cover all of your requirements for space optimisation with our 35 cm deep storage and filing solutions without compromising on design, quality or functionality. Choose the modules and sizes that meet your requirements and design your own combination of exciting surfaces and colours, available at competitive prices.

The JIVE series in 35 cm depth is designed by the well-known designers and architects Flemming Busk and Stephan B. Hertzog so that it fits our general range of products. Choose bookcases with integral wooden plinth, top units, bookcases for wall mounting or storage units on castors or legs. Choose your accessories according to your needs. Choose doors and drawers with push lock if you prefer a pure look.

Do not hesitate to contact us if you have any doubts - we would be happy to help you with advice and guidance so that you can get a customized product and furnishing solution that fits you needs.

Colour / surface of cabinet and shelves (unicoloured or mix):

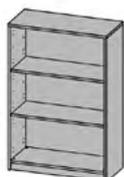

Veneer:

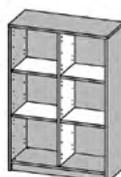

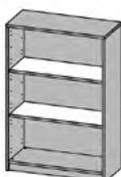

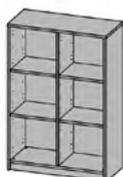

Decor laminate:

Unicoloured

Cabinet

Shelves

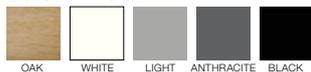

Note! In bookcases with middle dividers, the middle dividers have the same colour as the shelves.

Colour / surface of the front of the pull-out unit:

Veneer:

Decor laminate:

Lacquer:

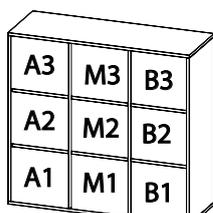

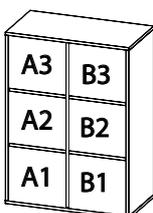

For any other lacquer, the surcharge is 354 Euro per colour. Please specify RAL or NCS code upon ordering.

Fronts

Location of accessories

Use this template to specify the location of accessories in cabinets/cupboards.

PLEASE specify

- colour and finish of each item
- location of accessories in cabinets and cupboards
- right or left hung doors
- location of handles (in the top or bottom of the doors)

Example: One cabinet item no. xxx with one right hung door for 2 bay in B1+B2. Beech. Handles in the top. One left hung door in A1. Black. Handle in the top.

Wall mounting is not recommended.

Please note!

- We recommend you to mount top units only on storage units with plinth or legs.
- Remember to order middle dividers if you buy 1-bay-wide doors, drawers or narrow combi drawers to the above storage units.
- All JIVE doors and drawers are delivered with JIVE handles no. 138 in alu. Other handles or push lock are possible. Retrospectively mounting of push lock is not possible.
- Remember to specify location of handles (in the top or in the bottom of the doors); if left or right hung doors and the location of the doors in the storage unit.
- Please attach a sketch to your orders showing where you want your accessories so that we are sure that you get the correct colours, type and placement of accessories in the cabinets/cupboards.

Standard:

All JIVE storage units in depth 35 are delivered with

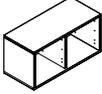

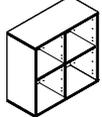

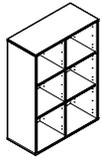

- integral plinth (equivalent to H5,7)
- Specific models with castors/legs (H7/H20 cm), as top units or for wall mounting
- JIVE handles no. 138 in alu
- drawers with full extension runners
- doors and drawers with soft close

All storage units are assembled except handles, castors and legs that are to be mounted by yourself. We recommend protective shelf paddings.

STORAGE UNITS JIVE – DEPTH 42 CM

with and without middle dividers

With our 42 cm deep JIVE storage you get a wide, deep and flexible assortment that covers all your requirements - and more. A timeless and clean design, attractive surfaces, inspiring colours and the possibility of countless combinations make it possible for you to design your own, unique furniture for your own workplace. If your needs or taste change over time, you can easily re-design your furnishing and furniture by e.g. exchanging the base or plinth for mounting castors or legs. Or vice versa.

You can also order a lot of beautiful and functional accessories - in a crisscross manner. JIVE is a well thought out assortment - down to every detail.

Designed by Busk+Hertzog.

Colour / surface of cabinet and shelves and middle dividers (unicoloured or mix):

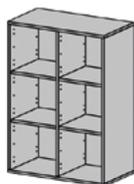

Veneer:

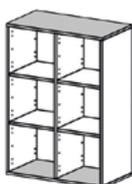

Decor laminate:

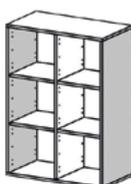

Unicoloured

Top and bottom

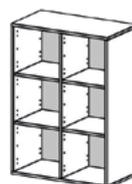

Side panels

Shelves and middle dividers

Back panel

Base
(Note! Available in anthracite decor laminate)

Plinth

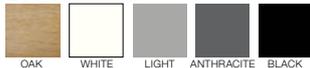

Colour / surface of fronts (drawer fronts and doors):

Veneer:

Decor laminate:

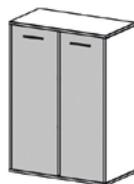

Lacquer:

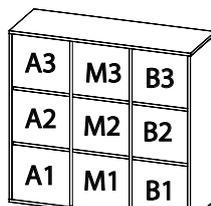

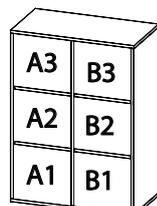

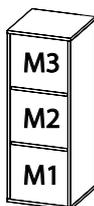

*For any other lacquer, the surcharge is 354 Euro per colour.
Please specify RAL or NCS code upon ordering.*

Fronts

Location of accessories

Use this template to specify the location of accessories in cabinets/cupboards.

PLEASE specify

- colour and finish of each item
- location of accessories in cabinets and cupboards
- right or left hung doors
- location of handles (in the top or bottom of the doors)

*Example: One cabinet item no. xxx with one right hung door for 2 bay in B1 + B2.
Beech. Handles in the top. One left hung door in A1. Handle in the top.*

Storage units JIVE without middle dividers - DEPTH 42 cm

Lacquer:

For any other colour, the surcharge is 354 Euro per colour. Please specify RAL or NCS code upon ordering.

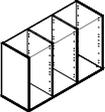

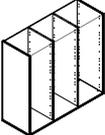

Standard:
All JIVE waste sorting cupboards are delivered with

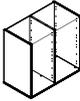

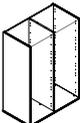

- a base in anthracite decor laminate (H2,2 cm + levelling feet = H3,4 cm)
- alu JIVE handles no. 138 in alu mounted horizontally
- drawers with full extension runners
- doors and drawers with soft close

All waste sorting cupboards are assembled except handles, castors, legs, plinths and pictograms that are to be mounted by yourself.
We recommend protective shelf paddings.

Build your own waste sorting cupboard by combining cabinet, top and accessories so that it fits your needs.

Note! We recommend you to buy a counter weight. Use special item no. when fitting drawers in the middle bays.			
Waste bin - 5 liters			
	W9 x D23 x H29 cm 9125027		18
	Each drawer can contain 4 waste bins.		
Waste bin - 10 liters			
	W18 x D23 x H29 cm 9125028		20
	Each drawer can contain one waste bin (preferably together with two 5 liters waste bins). Each shelf can contain 2 waste bins.		
Waste bin - 15 liters			
	W27 x D23 x H29 cm 9125029		30
	Each drawer can contain one waste bin (preferably together with one 5 liters waste bin). Each shelf can contain one waste bin.		
Waste bin - 50 liters			
	W28,5 x D38 x H53 cm 9125035		55
	Fits behind 2-bay-high doors. Buy one extra shelf no. 0041-42 (no. 0045-42 when you have a 1-bay-wide cupboard) so that the waste bin will get closer to the hole in the top.		
Pictograms			
	A4 sheet with 12 labels 9125020		13
	L6,5 x W6,5 cm		
Pictograms are mounted by the customer.			

Please note!

- Build your own waste sorting cupboard by combining cabinet, top and accessories so that it fits your needs.
- Please attach a sketch to your orders so that we are sure that you get the correct accessories (top with correct cut-outs, correct doors, drawers, waste bins etc) including placement.
- All JIVE doors and drawers are delivered with JIVE handles no. 138 in alu as standard. Other handles or push lock are possible. Retrospectively mounting of push lock is not possible.
- Remember to specify location of handles (in the top or in the bottom of the doors); if left or right hung doors and the location of the doors in the storage unit.
- Pictograms are mounted by the customer.

**We use the same lock and key throughout the range. Should you require differently coded locks, at no additional cost, please specify. Please see schedule for retrospectively mounting of locks, cylinders and keys, page 21.

	Decor laminate Oak, White, Light grey, Anthracite, Black	Other

Tops for storage units - DEPTH 35 cm

Top edging:
Chamfered edging

Thickness of top:
22 mm mdf

Standard lacquered edging:
Lacquered chamfered edging in the same colour as the top - veneered desk tops and laminate beech, birch and oak however with a clear lacquer on the edging.

You can free of charge choose a black, white, light grey or anthracite edging lacquer independent of the colour of the top (however, not on veneered tops).

Edging with a special lacquer:
405 Euro surcharge per production independent of number of tops. Please specify RAL colour code.

Colour/surface of tops:
Veneer: Beech, Birch, Oak
Laminate: Beech, Birch, Oak, White, Light grey, Latte, Petrol, Anthracite, Black
Linoleum: Mushroom, Sand grey, Light grey, Dark grey, Olive, Anthracite, Black
AFP laminate: Graphite grey, Black (AFP = Anti-Finger-Print)
Nanolaminate: White, Black

Overhang: 22 mm
Please contact us if you are looking for other sizes of tops.

A-model: Overhang on all sides (for units that are free standing)

B-model: No overhang towards the back (for units that are placed against the wall)

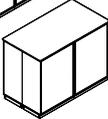

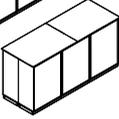

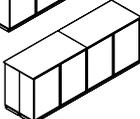

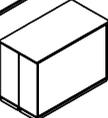

If the storage units are placed back to back (2, 4, 6 or 8 units), there will be an overhang both in the front and at the back.

Plant boxes JIVE for storage units, sliding door cupboards and Maxi Towers **FUMAC®**

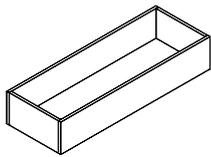

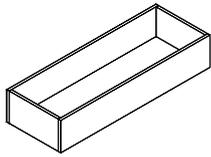

Thickness: 19 mm
Depth: 42 cm and for Maxi Towers D80 and D90 cm
Width: 78, 116 and 160 cm and for Maxi Towers W39,8 cm
Height: 22 cm

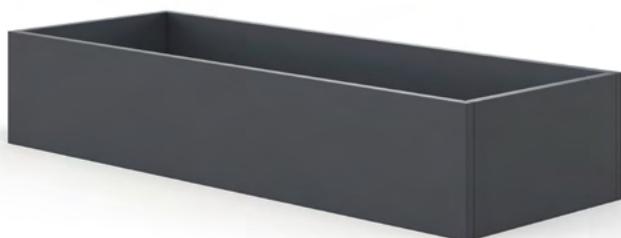

Colour/surface:
 Decor laminate: Oak, White, Anthracite, Light grey, Black

Plant box liner:
 The plant box liners are made of PVC and are 4 mm lower than the plant boxes. The plant box liners cannot be ordered/delivered retrospectively. If you do not buy the models with liners, then remember a saucer or similar as the plant boxes do not tolerate water.

Standard:
 All JIVE plant boxes are delivered with double sided tape for attaching the boxes on top of the storage.

InLINE auditorium and canteen tables

FUMAC®

Standard table top edging: Chamfered edging (1)

Note! Decor laminate always with straight abs edging (3) included in price.

Special table top edging:

Surcharge for abs, plywood and wooding edgings (2+3): 101 Euro per table top. See standard abs and wooding edgings on last page.

Note! Abs edging makes the table tops extra strong against damages from e.g. chairs, armrests and belt buckles.

Standard lacquered edging:

Lacquered chamfered edging in the same colour as the table top - veneered table tops and laminate beech, birch and oak however with a clear lacquer on the edging. You can free of charge choose a black, white, light grey or anthracite edging lacquer independent of the colour of the table top (however, not on veneered table tops).

Edging with a special lacquer:

405 Euro surcharge per production independent of number of table tops. Please specify RAL colour code.

Thickness of top: 22 mm mdf

22 mm chipboard when decor laminate - always with a straight abs edging included in the price

Colour/surface of table tops:

Veneer: Beech, Birch, Oak
 Decor laminate: Beech, Birch, Oak, White, Light grey, Anthracite, Black
 Laminate: Beech, Birch, Oak, White, Light grey, Latte, Petrol, Anthracite, Black
 Linoleum: Mushroom, Sand grey, Light grey, Dark grey, Olive, Anthracite, Black
 AFP laminate: Graphite grey, Black (AFP = Anti-Finger-Print)
 Nanolaminate: White, Black

InLINE FRAME

Colour of frame: White, Alu, Chrome, Black or Mixed
Underframe: Same colour as frame (however, black underframe when the frame is chrome)
Height: 72 cm incl. table top
Height adjustment: Static
Columns: Ø70 mm
Telescopic underframe: Adjusted to table tops from respectively 120 to 200 cm
Chair storage: Yes (for depth 90 cm)

SQUARE MEDIA conference tables

Standard table top edging:

Chamfered edging (1)

Note! Decor laminate always with straight abs edging (3) included in price.

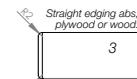

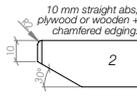

Special table top edging:

Surcharge for abs, plywood and wooding edgings (2+3): 101 Euro per table top.

See standard abs and wooding edgings on last page.

- Rectangular tables abs: Edges radius 2 (i.e. straight edges)
- Boat shaped tables abs: Edges radius 50

Note! Abs edging makes the table tops extra strong against damages from e.g. chairs, armrests and belt buckles.

Standard lacquered edging:

Lacquered chamfered edging in the same colour as the table top - veneered table tops and laminate beech, birch or oak however with a clear lacquer on the edging. You can free of charge choose a black, white, light grey or anthracite edging lacquer independent of the colour of the table top (however, not on veneered tops).

Edging with a special lacquer:

405 Euro surcharge per production independent of number of table tops. Please specify RAL colour code.

Thickness of top: 22 mm mdf

Colour/surface of table tops:

Veneer: Beech, Birch, Oak
Laminate: Beech, Birch, Oak, White, Light grey, Latte, Petrol, Anthracite, Black
Linoleum: Mushroom, Sand grey, Light grey, Dark grey, Olive, Anthracite, Black
AFP laminate: Graphite grey, Black (AFP = Anti-Finger-Print)
Nanolaminate: White, Black

SQUARE FRAME

Colour of frame: White, Alu, Chrome, Black or Mixed

Height: 72 cm incl. table top

Columns: 7x7 cm (6x6 cm when double-extension)

Double telescopic underframe: Black
Adjusted to table tops from 280-440 cm

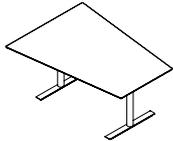

Surcharge per chrome foot: 21 Euro
Surcharge per chrome column: 61 Euro

SWITCH EXECUTIVE conference tables - boat shaped

FUMAC
Design: Busk+Hertzog

Standard table top edging:
Chamfered edging (1)

Special table top edging:

Surcharge for abs, plywood and wooding edgings (2+3): 101 Euro per table top. See standard abs and wooding edgings on last page.

Note! Abs edging makes the table tops extra strong against damages from e.g. chairs, armrests and belt buckles.

Standard lacquered edging:

Lacquered chamfered edging in the same colour as the table top - laminate beech, birch and oak however with a clear lacquer on the edging.

You can free of charge choose a black, white, light grey or anthracite edging lacquer independent of the colour of the table top.

Edging with a special lacquer:

405 Euro surcharge per production independent of number of table tops. Please specify RAL colour code.

Thickness of top: 22 mm mdf

Colour/surface of table tops:

Laminate: Beech, Birch, Oak, White, Light grey, Latte, Petrol, Anthracite, Black
Linoleum: Mushroom, Sand grey, Light grey, Dark grey, Olive, Anthracite, Black
AFP laminate: Graphite grey, Black (AFP = Anti-Finger-Print)
Nanolaminate: White, Black

SWITCH EXECUTIVE FRAME

Colour of frame: White, Alu, Chrome, Black, Mixed or columns in clear lacquered solid oak

Underframe: Black
Height: Static 73 cm incl. table top
Columns: Ø50 mm
Feet: L95,6x4,1-5,6 cm
Accessories: Cable duct. Cable tray.

Please specify in which table top no. the cable duct is to be mounted.

Lounge tables

Table top edging:
Chamfered edging

Standard lacquered edging:

Lacquered chamfered edging in the same colour as the table top – laminate beech, birch and oak however with a clear lacquer on the edging.
You can free of charge choose a black, white, light grey or anthracite lacquer independent of the colour of the table top.

Edging with a special lacquer:

405 Euro surcharge per production independent of number of table tops. Please specify RAL colour code.

Thickness of top: 19 mm mdf

Colour/surface of table tops:

Laminate: Beech, Birch, Oak, White, Light grey, Latte, Petrol, Anthracite, Black

LEGS

Colour of legs: Black lacquered beech legs, untreated or oiled solid oak legs

Height of legs: 45 or 50 cm incl. table top (the 2 different heights make it possible to arrange the tables beneath each other)

Shape of legs: Conical Ø2,2-4 cm

Lounge tables – round and plectrum shaped

				Laminate Beech, Birch, Oak, White, Light grey, Latte, Petrol, Anthracite, Black
	Ø45 cm lounge table	Height 45 cm	50145	113
	Ø55 cm lounge table	Height 45 cm	50155	140
	Ø65 cm lounge table	Height 50 cm	50165	167
	Plectrum shaped lounge table	74 x 60 cm Height 45 cm	50140	175
	Plectrum shaped lounge table	104 x 67 cm Height 50 cm	50141	204
<p><i>Note!</i> Remember to choose black lacquered beech legs, untreated or oiled solid oak legs.</p>
